Your coronavirus (COVID-19) test result is negative. It is likely you did not have the virus when the test was done.

You are not required to quarantine.

You should self-isolate again if you get symptoms of coronavirus (COVID-19) – get an NHS coronavirus (COVID-19) test from <a href="https://www.gov.uk/get-coronavirus-test">www.gov.uk/get-coronavirus-test</a> and self-isolate until you get the results.

For advice on when you might need to self-isolate and what to do, go to <a href="https://www.nhs.uk/conditions/coronavirus-covid-19">www.nhs.uk/conditions/coronavirus-covid-19</a> and read 'Self-isolation and treating symptoms'.

This report is authorised by Dr Michael Fonso, Medical Director of Aeromedical Consulting UK. Aeromedical Consulting UK is a UK government-listed provider of coronavirus testing
